

Mr. Inflatable Bounce Houses & Moonwalks

General Rules

- ✓ It is mandatory that a responsible adult be present at all times.
- ✓ No food, drinks, face paint, sharp objects, confetti, silly string, or shoes are permitted in the unit.
- ✓ Socks must be worn inside inflatables.
- ✓ All bouncers should be grouped by age and size.
- ✓ If blower should stop and unit deflates remove children immediately. There is an emergency exit (in the shape of a square) at the top of every closed top unit.
- ✓ If for any reason equipment doesn't function properly notify us immediately at (313)282-9061.

Rules of Conduct

1. Always operate unit(s) under adult supervision.
2. Unless it is a water unit (reserved and confirmed by Mr. Inflatable), NEVER use water in the units.
3. Never allow older children to bounce with smaller children as the smaller children could get trampled on.
4. Do not bounce on the step or near the doorway.
5. Remove shoes or footwear, glasses, jewelry, and pocket contents.
6. No sharp objects are allowed inside moonwalk.
7. No climbing or hanging on the outside walls or roof. Do not hang on netting or basketball hoop.
9. In case of rain and/or lightning/wind, have children exit moonwalks and turn off motor. Once rain passes over you can reinflate and wipe dry with towels.

- 10. No SILLY STRING or FACE PAINT is allowed. (These items damage the material and they do not come out. In the event these items are used, the customer agrees to pay the fee of \$50.00/hour for the cost of repairs or full replacement value if repairs are not possible.)
- 11. Do not attach anything to the units.
- 12. In case of power outage, have children exit unit immediately.
- 13. Unit must be anchored (either staked or sandbagged) prior to operation by one of our staff members. DO NOT move or relocate unit once it is installed. Doing so can cause the unit to tip or blow away.
- 14. No persons over 250 pounds allowed inside moonwalk. There is a 1000 pounds TOTAL weight for all of our units (except Mini Mickey Mouse Combo).
- 15. Do not unplug the blower(s) while in use. Blowers CAN NOT go on power strips or splitters as they will blow and cause the unit to deflate.
- 16. Do not add extension cords to our cords. Our cords are the proper gauge and length for our units. Doing so can cause the blowers to not operate at full power.
- 17. Have lots of fun!

Maximum Number of Riders In Inflatable

Under 5 years old	5-8 years old	9-13 years old	14 and up
10	8	6	4

DO NOT OVERLOAD MOONWALK
